

TAKE THE CONCERT WITH YOU. WIRELESSLY.

The Groove XL is the ultimate portable speaker. Its small size lets you take it anywhere, while its “front row center” sound will astonish you with its impact and clarity. Stream music easily from any Bluetooth® equipped smartphone, music device or computer with the added benefit of answering, conversing, terminating or even ignoring phone calls from that same smartphone, automatically pausing your music in progress. Solid-built and aesthetically designed with touch-sensitive controls.

LEGENDARY KLIPSCH LIFELIKE SOUND

While it’s small in stature, it powers the remarkably large sound Klipsch is known for. Dual 2.5” (6.35cm) full range drivers are enhanced with dual 3” (7.62cm) passive radiators for deep, musical bass. 40 watts of peak system power with advanced DSP equalization provides lifelike, dynamic sound at any volume level.

LONG LASTING PORTABLE OPERATION

AC/DC operation makes the Groove XL portable. A class-leading 16.5-hour capacity internal, rechargeable Lithium-ion battery gives you an all-day, festival-length dose of your favorite music on the go.

SAFELY ENJOY BY THE WATER

The Groove XL can withstand water splashes from any direction thanks to its IPX4 rating. It can withstand less severe outdoor conditions such as rain, allowing you to take the speaker pool or oceanside with peace of mind.

A HOST OF CONVENIENT FEATURES

The Groove XL keeps any smartphone, most tablets and other music sources charged with its USB input (cable not included) and plays virtually any non-Bluetooth music source with its 3.5mm input (cable not included). It remembers the last connected Bluetooth device and automatically reconnects to it the next time if it’s available. Up to eight different Bluetooth devices can be stored in its memory.
