

KLIPSCH COURTYARD

LANDSCAPE SPEAKER SYSTEM

COURTYARD 4.1 SYSTEM | COURTYARD EXPANSION PACK

The Klipsch Courtyard 4.1 landscape speaker system delivers powerful, precision-tuned outdoor sound in a weather-resistant, all-in-one package—featuring four aimable Tractrix® horn-loaded satellites, a deep-bass subwoofer, and easy expandability for year-round performance.

TAKE IT OUTSIDE

Klipsch Legendary American sound goes outdoors. With 80 Years of audio mastery under our belt, the Klipsch Courtyard landscape speaker system is engineered for precision and tuned for real power. Tell the neighbors we're not sorry.

EVERYTHING YOU NEED

A one box solution, Klipsch Courtyard comes complete with everything you need to power your patio party. The main kit includes four aimable Tractrix horn-loaded satellite speakers, a subwoofer, mounting posts with stakes, and more - to deliver amazing outdoor sound from your AVR's zone 2. For a larger area, the Courtyard system is expandable up to eight satellite speakers and two subwoofers.

BIG BASS, SMALL SPACE

The new Klipsch Courtyard landscape speaker system includes a low-profile subwoofer with all the punch needed to deliver deep bass to your outdoor space. The sub can be buried or installed above ground to fit your backyard aesthetic. Features include an alcove to hide wires and mounting holes for ground stakes.

BRING ON THE ELEMENTS

The tough, colorfast Courtyard satellite speakers and subwoofer are IPX7-rated to withstand rain, snow, high-pressure water, and direct sun—delivering incredible audio in any climate for years to come.

SIMPLE SETUP

Fast to set up and get rocking, the Klipsch Courtyard landscape speaker system installs quickly and easily. Wire concealment, ground stakes, rotatable and locking speaker posts, silicone wire nuts, a hammer cap, and an Allen key are all included.
